

Key guidelines during LA preparation

STUDENTS WITH LA FOR STUDIES (SMS program)

CURRICULUM

- You can find our curriculum on English Division website [Programmes and Syllabuses | Uniwersytet Medyczny im. Piastów Śląskich we Wrocławiu \(umw.edu.pl\)](https://www.umw.edu.pl/pl/kierunek-lekarski-english-division/programmes-and-syllabuses)
<https://www.umw.edu.pl/pl/kierunek-lekarski-english-division/programmes-and-syllabuses>
- Description of courses is also available on ED website <https://www.ed.umed.wroc.pl/medicine-description-courses>

ALL DATA : STUDY REGULATIONS/STUDY DATES/WINTER and SUMMER BREAKS you can find there (new data will be presented in APRIL here too:)

<https://www.umw.edu.pl/pl/kierunek-lekarski-english-division/study-regulations-and-forms>

TO GET ALL REQUIRED DOCUMENTS PLEASE VISIT ALSO HERE:

[Dział Współpracy Międzynarodowej - Erasmus - Przyjazdy na studia i praktyki | Uniwersytet Medyczny im. Piastów Śląskich we Wrocławiu \(umw.edu.pl\)](https://www.umw.edu.pl/pl/erasmus/pryjazdy-na-studia-i-praktyki)

<https://www.umw.edu.pl/pl/erasmus/pryjazdy-na-studia-i-praktyki>

GENERAL RULES

- Students may be incorporated to our ED/Erasmus groups and only 1-5 yr level study program is offered.

YOU CANNOT BE ACCEPTED TO THE 6TH YEAR SUBJECTS!

In previous years, there was an opportunity to implement the PSYCHIATRA 2 (psychiatry 2) course. Unfortunately, in order to receive credit for this course, it is necessary to take an exam including the OSCE exam. Most students found it very difficult to complete this course, therefore, I do not recommend choosing this course for LA 2024. Perhaps the situation will change in the future but at the moment it is not possible to select this course without taking the exam.

- Clinical subjects classes are practical bedside teaching form and additionally clinical rotations/practical training is not possible to take!
- You should put into LA strictly the same description of courses as in our curriculum and all subjects should be taken in totality (not extracted parts of subjects). It is important to follow this rule if You take internal medicine (1) or (2), surgery (1) or (2), paediatrics (1) or (2), infectious diseases.
In previous years, individual students (in pediatrics and internal medicine) had partial credit for the course based on data submitted from their home universities. HOWEVER, THIS DECISION BELONGS TO THE COURSE COORDINATOR AND PLEASE DO NOT ASSUME THAT IT WILL BE POSITIVE
- It is important to consider that for many courses You can take winter, summer or whole year program but only whole year will give You whole ects for the subject and whole didactic program completed.
- **It may appear that for very popular subjects we will not be able to accept all students (limited places)**
- **Psychiatry : as we have limited possibilities we offer You only winter semester (~5yr program) course 3 ects(see over)!**
- You can put into Your LA our 1-5 yr level courses and optimally (to avoid overlapping) is not to take different year level courses.

I highly recommend (even if you know students who have succeeded in the past) to avoid "skipping" different years. It is best to choose most of the courses from one year of classes - then you will avoid a high risk of overlapping courses.

Courses with a high risk of overlap are: pediatrics 1 and pediatrics 2, and a family medicine course that mixes badly with other years of study. Many students also had overlaps between internal medicine 1 and 2

To pass a course, you must attend all the classes, pass the partial tests, and when required by the curriculum, take and pass the exam. CURRENTLY, IT IS NOT POSSIBLE TO ATTEND THE COURSE AND NOT TAKE THE EXAM. IT IS WORTH NOTING THAT THE EXAM SESSION IS SCHEDULED FOR FEBRUARY AND JULY.

- Optional subjects are not recommended to take. It is not possible to fix that courses for You because the enrolment procedure is like competition and starts few days before semester . Nobody knows in advance if will be accepted or not for optionals.

Some OP activities (optionals) can be tried to organize. However, you need to remember that very often they are implemented at times when you have other regular subjects. In the past it was relatively easy to organize: aesthetic medicine course and courses organized by Mr. Mariusz Koral. ATTENTION THIS YEAR THERE WILL BE NO OP IN FORENSIC MEDICINE!!!

- All courses are confirmed as credited with mark ("Grade" in curriculum) : it means that classes lectures and seminars are completed. There are also courses with final exam and You will obtain credit grade and exam grade in final description. **Please take into consideration that in our final confirmation of courses completed (transcript of records) we will put strictly the same subjects description as in our curriculum . All Your didactic data (courses completed, grades, exams) will be registered and collected in our virtual (computer) dean`s office system and final description will jump automatic.**

STUDENTS WITH LA FOR TRAINEESHIP (SMP- Student mobility placement)

- We have limited possibilities to accept students for many courses (family medicine, emergency, anaesthesiology, psychiatry , neurology not possible here). We do not recommend to take internship program longer than 2 months
- During academic year it is not easy to make rotations for students because our staff must take care for regular didactics (classes, lectures, seminars) and we have not doctors/tutors devoted to take care only for traineeship students. We must look for not overcrowded clinics to find a place for rotation and it means that it is not possible to fulfil strictly detailed student needs.
- We cannot guarantee that the future health situation will be good as much as to be able to host students in our hospitals. The other important is that every incoming student should be vaccinated against COVID-19 with vaccine accepted in EU.
- For long lasting traineeship program we can offer our whole semester regular 6 yr study program (whole semester program to be taken in totality) in ED/Erasmus groups.
- For traineeship program we can accept only nominated students from partner universities.

IV year INTERNAL medicine (1)

CLINIC	WINTER	SUMMER	
K. i K. Chorób Wewnętrznych, Zawodowych, Nadciśnienia Tętniczego i Onkologii Klinicznej (OCCUPATIONAL)	3	3	Lectures
	20	20	classes
K. i K. Kardiologii (CARDIOLOGY)	3 10	3 15	Lectures classes
K. i K. Nefrologii i Medycyny Transplantacyjnej (NEPHROLOGY)	3 0	3 0	Lectures classes
K. i K. Pulmonologii i Nowotworów Płuc (PULMONOLOGY)	3 0	3 0	Lectures classes
K. i K. Reumatologii i Chorób Wewnętrznych (RHEUMATOLOGY)	3 0	3 0	Lectures classes
Total number of hours (L/C)	45 (15/30)	50 (15/35)	

V year INTERNAL medicine (2)

CLINIC	winter	summer	
K. i K. Angiologii, Nadciśnienia Tętniczego i Diabetologii (ANGIOLOGY)	3	3	Lectures
	0	0	classes
K. i K. Chorób Serca (HEART DISEASES CLINIC)	3 10	3 5	Lectures classes
K. i K. Endokrynologii, Diabetologii i Leczenia Izotopami (ENDOCRINOLOGY)	3 0	3 0	Lectures classes
K. i K. Gastroenterologii i Hepatologii (GASTROENTEROLOGY)	3 20	3 25	Lectures classes
K. i K. Hematologii, Nowotworów Krwi i Transplantacji Szpiku (HAEMATOLOGY)	3 0	3 0	Lectures classes
Total number of hours (L/C)	45 (15/30)	45 (15/30)	

IV YEAR SURGERY (1)

CLINIC	winter	summer
Klinika Chirurgii Ogólnej, Małoinwazyjnej i Endokrynologicznej General & Endocrinological Surgery Clinic	Wy (W) LECTURES CK CLASSES (CLINICAL)	Wy (W) LECTURES CK CLASSES (CLINICAL)
Katedra i Zakład Dydaktyki Chirurgicznej (Simulation Center)	Wy (W) LECTURES CS CLASSES (SIMULATION)	Wy (W) LECTURES CS CLASSES (SIMULATION)
Total number of hours (W=lectures/CK, CS = classes)	LOOK AT CURRICULUM PLEASE	OOK AT CURRICULUM PLEASE

V YEAR SURGERY (2)

CLINIC	winter	summer
II Katedra i Klinika Chirurgii Ogólnej i Chirurgii Onkologicznej (Genral and Oncological Surgery Clinic)	20 (W) 18 (CK)	20 (W) 18 (CK)
Katedra i Zakład Dydaktyki Chirurgicznej (Simulation Center)	5 (W) 12 (CS)	5 (W) 12 (CS)
Total number of hours (W=lectures/CK,CS=classes)	55 (25/30)	55 (25/30)

IV YEAR PEDIATRICS (1)

Subject coordinator: prof. dr hab. n. med. Marek Ussowicz

CLINIC	winter	summer
I Katedra i Klinika Pediatrii, Alergologii i Kardiologii (cardiology,allergology)	4 W 15 Ć	0 W 0 Ć
II Katedra i Klinika Pediatrii, Gastroenterologii i Żywienia (Gastroenterology)	2W 0Ć	8W 15 Ć
III Katedra i Klinika Pediatrii, Immunologii i Reumatologii Wieku Rozwojowego (Rheumetology &Immunology)	4W 0	0W 0
Katedra i Klinika Nefrologii Pediatrycznej (Nephrology)	0W 0Ć	8W 15 Ć

Katedra i Klinika Transplantacji Szpiku, Onkologii i Hematologii Dziecięcej (Hematology)	4W 15 Ć	0 W 0 Ć
Total number of hours (W lectures/Ć classes)	44 (14/30)	46 (16/30)

V YEAR PEDIATRICS (2)

CLINIC	Z	L
I Katedra i Klinika Pediatrii, Alergologii i Kardiologii (Cardiology & Allergology)	L 2 C 6	L 4 C 6
III Katedra i Klinika Pediatrii, Immunologii i Reumatologii Wieków Rozwojowych (Rheumatology & Immunology)	L 2	L 2
Katedra i Klinika Endokrynologii i Diabetologii Wieków Rozwojowych (Endocrinology)	L 4 C 6	L 4 C 6
Katedra i Klinika Transplantacji Szpiku, Onkologii i Hematologii Dziecięcej (Haematology)	L 4 C 6	L 2 C 6
Total number of hours L (lectures)/C (classes)	30 (12/18)	30 (12/18)

INFECTIOUS DISEASES ORGANISATION OF CLASSES

LECTURES ONLINE

CLASSES:

- Department of Infectious Diseases, Liver Diseases and Acquired Immune Deficiencies at 5 Koszarowa Street, Wrocław.
- Department of Pediatric Infectious Diseases at 2 Chalubinski Street, Wrocław.
- Department of Biology and Medical Parasitology at 9 J. Mikulicza-Radeckiego Street, Wrocław.

COURSE IS FINISHING BY EXAM
